Fort Monroe Authority
Fort Monroe, Virginia

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities and each major fund of the Fort Monroe Authority, a component unit of the Commonwealth of Virginia, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Fort Monroe Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund of the Fort Monroe Authority, as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *Specifications for Audits of Authorities, Boards and Commissions* (the "Specifications"), issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Fort Monroe Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fort Monroe Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Specifications will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Specifications we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fort Monroe Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fort Monroe Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedules relating to pensions and other postemployment benefits as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Fort Monroe Authority's basic financial statements. The Schedule of Planning and Development Expenditures- General Fund is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the Schedule of Planning and Development Expenditures- General Fund is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 28, 2023, on our consideration of the Fort Monroe Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Fort Monroe Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Fort Monroe Authority's internal control over financial reporting and compliance.

**FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
MANAGEMENT'S DISCUSSION AND ANALYSIS – (UNAUDITED)**

The management of the Fort Monroe Authority (“Authority”) offers readers of the Authority’s financial statements this narrative overview and analysis of the financial activities of the Authority, as of and for the fiscal year ended June 30, 2023. We encourage readers to consider the information presented here in conjunction with the financial statements and accompanying notes.

Financial Highlights

- The Authority’s consolidated net position increased during the fiscal year by \$493.3 thousand. The increase resulted from a net deficit from governmental activities of \$20.6 million (M) offset by a net deficit of \$21.1M from business-type activities.
- The net operating surplus, prior to transfers, from governmental activities increased versus the prior fiscal year by \$304.1K. Total General revenues increased by \$840.1K compared to the prior fiscal year, while operating expenses increased by \$536.0K compared to the prior year.
- The net operating deficit, prior to transfers, from business-type activities increased by \$1.33M. Revenues for the fiscal year decreased by \$220.5K while expenses increased by \$1.11M compared to the prior year.
- For the fiscal year, the Authority had \$15.27M in total revenues compared to \$14.66M in the prior year. Governmental activities accounted for \$7.71M in revenue. The revenues came from state General Fund appropriations (\$7.12M), intergovernmental transfers and other grants (\$558.4K), and other income (\$25.9K). Business-type charges for services for the fiscal year, principally rental income, accounted for \$7.17M in revenue compared to \$7.79M in the prior year.
- Consolidated operating expenses of the Authority for the fiscal year totaled \$14.78M compared to \$13.13M in the prior year. Operating expenses and transfers for governmental activities (reuse and redevelopment planning) were \$5.39M compared to \$4.86M in the prior year. Operating expenses and transfers related to business-type activities (property leasing and maintenance, utility operations, and special events) were \$9.39M compared to \$8.28M in the prior year.
- For fiscal years 2023 and 2022, the Authority’s capital assets were \$670.4K and \$406.4K, net of accumulated depreciation, respectively.
- As of June 30, 2023 and 2022, the Authority had no outstanding debt.

Overview of the Financial Statements

The financial section of this annual report consists of four parts: management’s discussion and analysis (this section), the basic financial statements, the notes to the financial statements, and required and other supplementary information.

The Authority’s financial statements present two types of statements, each with a different snapshot of the Authority’s finances. This focus is on both the Authority as a whole (government-wide) as well as on the individual funds. The government-wide financial statements provide both long and short-term information about the Authority’s overall financial status. The fund financial statements (government and enterprise) focus on the individual parts of the Authority, reporting the Authority’s operations in more detail than the government-wide statements. Both perspectives (government-wide and fund) allow the user to address relevant questions, broaden the basis for comparison (year-to-year or entity-to-entity), and enhance the Authority’s accountability to its public stakeholders.

**FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
MANAGEMENT'S DISCUSSION AND ANALYSIS – (UNAUDITED)**

Government-Wide Financial Statements

The government-wide financial statements report information about the Authority as a whole using accounting methods similar to those used by private-sector companies. The focus of the Statement of Net Position is to report the entity's net position and how it may have changed from year to year. Net position – the difference between assets plus deferred outflows and liabilities plus deferred inflows – is one way to measure the Authority's financial health or financial position. Over time, increases or decreases in an entity's net position are an indicator of whether its financial health is improving or deteriorating, respectively.

The Statement of Activities is focused on both the gross and net cost of various functions, which are supported by program revenues. All the current-year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid. This statement summarizes and simplifies the user's analysis of the cost of governmental activities.

Component Unit of the Commonwealth of Virginia

Established by an Act of the 2010 General Assembly ("FMA Act") on July 1, 2010, the Authority became the successor in interest by law to the Fort Monroe Federal Area Development Authority ("FMFADA"). Building on the work of the FMFADA, the Authority continues to focus on the preservation of the historic buildings, structures, and viewsheds at Fort Monroe; the education and interpretation of the history of the property; and the creation of business revenue through adaptive reuse of existing structures at Fort Monroe to reduce the future financial burden on the Commonwealth of Virginia ("Commonwealth").

The FMA Act (Virginia Code Section 2.2-2336 et seq.) established the Authority as a public body corporate and political subdivision of the Commonwealth to perform essential governmental functions of the Commonwealth. The FMA Act establishes the organization of the Board of Trustees of the Authority and also sets out certain powers and duties of the Authority. The FMA Act allows the Authority to manage its own financial activities subject to certain provisions, including the requirement that the accounts of the Authority be audited annually by the Auditor of Public Accounts. Since the Authority was created to serve as the Commonwealth's management agent, since the Governor of the Commonwealth appoints a majority of the Authority's Board of Trustees, and since the Authority is largely dependent on General Fund appropriations to meet its obligations, the Authority is determined to be a component unit of the Commonwealth. The information contained in these audited financial statements will be discretely presented in the Commonwealth's annual financial reports.

Beginning in fiscal year 2011, the Authority first engaged in business-type activities, notably the sub-leasing of 118 apartments and 30 single-family residential units leased from the United States Army ("Army"). During fiscal year 2012, the Authority expanded its business-type activities by leasing an additional 147 residential units and approximately 200,000 square feet of commercial and community space from the Army. During fiscal year 2013, with the consent of the U.S. Army Corps of Engineers, the Authority deconstructed the 118 apartment units after significant damage was caused by Hurricane Sandy. The Authority continued to lease and manage 177 residential units and lease commercial space to governmental and private tenants.

Beginning in fiscal year 2013, the Authority was required to present the Fort Monroe Foundation as a blended component unit.

**FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
MANAGEMENT'S DISCUSSION AND ANALYSIS – (UNAUDITED)**

On June 14, 2013, the Army transferred 312.75± acres of reversionary property and all improvements to Commonwealth ownership. A portion of the reversionary property totaling 38.18± acres was not transferred due to potential environmental hazards covered under the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA").

Beginning fiscal year 2014, the Authority took responsibility for the natural gas, water, and sewer master-metered accounts and began processing utility invoices to third party tenants at Fort Monroe. As a result, the Fort Monroe utility sub-fund was created as an additional business-type activity.

On August 25, 2015, the Commonwealth donated 121.1± acres and all the improvements thereon to the U.S. Department of the Interior as part of the Fort Monroe National Monument.

On April 14, 2017, the U.S. Army transferred 73.81± acres and all improvements to the Authority under the terms of the Economic Development Conveyance Agreement ("EDC") between the parties executed on January 10, 2017. The Authority simultaneously deeded the property to the Commonwealth. A portion of the EDC property totaling 9.37± acres was not transferred due to potential environmental hazards covered under CERCLA.

During fiscal year 2018, the Fort Monroe Foundation made changes to its governance and by-laws. As a result, the Authority is no longer required to report the Fort Monroe Foundation financial statements as a blended component unit of the Authority.

During 2018, the Army completed remedial investigations and, in certain cases, remedial actions to address any environmental concerns governed by CERCLA. After approval of the remedial actions by the Virginia Department of Environmental Quality, the Army transferred 4.21± acres of reversionary property and all improvements to the Commonwealth by deed signed on January 24, 2019. On March 12, 2019, the Army transferred 9.37± acres of EDC property and all improvements to the Fort Monroe Authority. On April 15, 2019, the Army transferred 33.97± acres of reversionary property and all improvements to the Commonwealth of Virginia.

On July 15, 2020, the Commonwealth and the Authority executed a Deed of Confirmation to transfer the 9.37± acre EDC environmental parcel to the Commonwealth and to establish consistency of title in the name of Commonwealth of Virginia, Fort Monroe Authority as provided by § 2.2-1148 of the Code of Virginia.

On December 9, 2021, the Army transferred 4.97± acres of reversionary land and improvements to the Commonwealth. This deed for this parcel transferred responsibility for the long-term ground lease for the former Chamberlin Hotel to the Commonwealth.

As of June 30, 2023, the Commonwealth has received all expected reversionary and non-reversionary property transfers from the Army. As of this date, the Commonwealth owns 317.98± acres of land at Fort Monroe and all the improvements thereon (the buildings and infrastructure) and therein (the underground utility systems).

The United States Department of the Interior, acting through the National Park Service, owns 121.1± acres of property at Fort Monroe. The U.S. Coast Guard retains ownership of the .057-acre parcel on which the Old Point Comfort Lighthouse is located. The Army retains ownership of 122.29± acres of federal surplus land that will be transferred directly to the Department of the Interior as part of the Fort Monroe National Monument once the environmental remediation process is complete.

**FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
MANAGEMENT'S DISCUSSION AND ANALYSIS – (UNAUDITED)**

Fund Financial Statements

General Fund – The General Fund is used to account for the financial resources appropriated for the planning and implementation of the reuse plan for the Commonwealth-owned property at Fort Monroe. The General Fund will also include operating and compliance costs associated with the natural gas, water, sewer, and stormwater infrastructure. The operation of the Casemate Museum and the Visitor and Education Center are accounted for as part of the General Fund.

Enterprise Fund – The Enterprise Fund is used to account for the financial resources generated from business-type activities.

- The 318± acres at Fort Monroe owned by the Commonwealth include 81 residential buildings comprising 178 residential units containing approximately 417.8K square feet and 32 associated garage buildings containing approximately 41.9K square feet. The revenue generated by the leasing of these residential homes to the public on short-term leases and the associated operating costs is accounted for in the residential leasing sub-fund.
- The Commonwealth property at Fort Monroe includes 132 non-residential buildings and structures containing approximately 1.47M square feet of commercial and administrative space. The leasing revenue and operating expenses for these buildings are accounted for in the commercial leasing sub-fund.
- With the June 2013 transfer of a portion of the Army property to Commonwealth ownership, which included the underground utility infrastructure, the Authority took responsibility for natural gas, water, and sewer utility systems and accounts. In November 2013, the Authority began billing third-party users for natural gas, water, and sewer consumption. To track the utility revenue and costs, the Authority established a utility sub-fund. In April 2021, the electric utility contract agreement with Dominion Energy was transferred to the Authority. The Authority reports the billing for electric consumption in the utility fund as well.
- The Authority also provides free and ticketed special event activities and event venue rentals to public and private parties. These activities are reported in a separate sub-fund of the Enterprise Fund.

These four sub-funds are reported on a consolidated basis in the Enterprise Fund section of these financial statements.

	<u>3,047.6</u>	<u>3,255.1</u>	<u>13,980.0</u>	<u>15,432.8</u>	<u>17,027.6</u>	<u>18,687.9</u>
Net Position:						
Net investment in Capital Assets	286.5	65.3	346.4	341.1	632.9	406.4
Restricted	839.0	601.3	15.1	17.2	854.1	618.5
Unrestricted	1,152.4	22,258.4	2,324.2	(18,813.0)	3,476.6	3,445.4
Total Net Position	<u>\$ 2,277.9</u>	<u>\$ 22,925.0</u>	<u>\$ 2,685.7</u>	<u>\$ (18,454.7)</u>	<u>\$ 4,963.6</u>	<u>\$ 4,470.3</u>

As of June 30, 2023, the Authority had total assets and deferred outflows of resources of \$21.99M compared to \$23.16M as of June 30, 2022. Total liabilities and deferred inflows of resources as of June 30, 2023 were \$17.03M compared to \$18.69M at the end of the prior fiscal year. As of June 30, 2023, the Authority's combined net position was \$4.96M compared to \$4.47M as of June 30, 2022.

During the fiscal year, the Authority's total assets and deferred outflows of resources decreased by \$1.2M. Current and other assets, which consist of cash, cash equivalents, restricted cash and receivables, decreased by \$1.32M over the prior year. The majority of this category is the lease receivable accrual resulting from the implementation of Government Accounting Standards Board ("GASB") Statement No. 87 *Leases* (See Note 12) beginning on July 1, 2022. Capital assets, net of depreciation, which includes tangible assets, capitalized leasing commissions, and construction in process increased by \$264K over the prior year. Deferred outflows of resources, which are related to the Authority's pension and postemployment benefit ("OPEB") obligations decreased by \$110.7K.

During the fiscal year, the Authority's total liabilities and deferred inflows of resources decreased by \$1.66M. For the fiscal year, current and other liabilities increased by \$692.7K compared to the prior fiscal year-end. Deferred inflows of resources, which are related to the Authority's pension, postemployment benefit ("OPEB"), and lease liabilities decreased by \$2.35M. The majority of the deferred inflows is related to the implementation of GASB 87 for lease accounting.

Revenues

Government-wide revenue for the fiscal year totaled \$15.28M compared to 14.66M in the prior fiscal year. Governmental activity revenue for the fiscal year totaled \$7.71M compared to \$6.87M in the prior year. The majority of revenues attributable to governmental activities result from state appropriations from the Commonwealth of Virginia's General Fund. For the year ended June 30, 2023, General Fund appropriations were \$7.12M compared to \$6.3M in the prior fiscal year. Grants and other governmental transfers for the fiscal year were \$558.4K compared to \$385K for the prior year. Total other revenues were 25.9K compared to \$189.0K in the prior fiscal year.

Business-type activities generated \$7.57M in revenues during the current fiscal year compared to \$7.79M for the prior fiscal year.

Expenses

Government-wide expenses for the fiscal year ended June 30, 2023 were \$14.72M compared to \$13.13M in the prior fiscal year, an increase of \$1.59M. These expenses represent the costs for the development of and planning for the implementation of the reuse plan for the 318± acres of Commonwealth property at Fort Monroe, Virginia (governmental activity) and the costs of operation for the residential and commercial leasing activities, the utility fund, and special events activities (business-type activities). For the fiscal year, governmental activity expenses totaled \$5.39M, an

**FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
MANAGEMENT'S DISCUSSION AND ANALYSIS – (UNAUDITED)**

increase of \$536K over the prior year. Business-type activity expenses for the fiscal year totaled \$9.39M, an increase of \$1.11M compared to the prior year.

Financial Analysis of the Authority's Funds

For fiscal years 2023 and 2022, the Authority operated two funds – the Governmental Fund and the Enterprise (Business-type) Fund. A fund is a grouping of related accounts that is used to maintain accountability and control over resources that have been segregated for specific activities or objectives. The Authority's Governmental Fund reflects operations of its planning and redevelopment efforts that are predominantly funded by Virginia appropriations. The Authority's Enterprise Fund reflects business-related operations. The fund financial statements provide a more detailed look at the Authority's most significant activities by focusing on the individual activities of the major funds.

For fiscal year 2023, Governmental Fund expenditures were \$5.85M. This amount includes the cost of staffing and benefits for the majority of the Authority's employees, the cost of the public works, site-wide security, and other consulting contracts, and the costs for the operation of the Casemate Museum and Fort Monroe Visitor and Education Center.

Enterprise Fund expenses for the fiscal year were \$9.39M. These costs include the cost of staffing and benefits for Authority employees in residential and special events operations, as well as the costs for the repair and maintenance, insurance, utility, and payment in lieu of tax expenses for all building and structures not used by the Authority. The Enterprise Fund expenses include the net operating costs for electric, natural gas, water, and sewer utility systems. The Enterprise Fund also includes expenses related to the Authority's event production and venue rentals activities.

Budgetary Highlights

In September 2021, the Authority submitted its request for Virginia General Fund support for the biennial period beginning on July 1, 2022 and ending June 30, 2024 ("FY23 and FY24"). The original submittal requested \$6,295,598 for operations support for each year in biennial budget.

The Governor's budget introduced in December 2021 included the Authority's request for \$6,295,598 in General Fund support for FY23 and FY24 and also included \$4,062,709 in Maintenance Reserve funding for each year of the biennium. During the 2022 General Assembly session, Delegate Cordoza submitted a budget amendment for \$545,349 in the first year and \$301,753 in the second year to create a facilities maintenance department for the Authority.

The enrolled biennial budget signed by the Governor in April 2022 included a General Fund support of \$6,840,947 for FY23 and \$6,597,351 for FY24. The enrolled budget included \$4,062,709 in Maintenance Reserve allocations for FY23 and \$3,391,440 for FY24. The budget also included an allocation of \$6M from the State and Local Fiscal Recovery Fund "for construction of a permanent monument to commemorate the 400-year anniversary of the First Landing of Africans at Point Comfort in Fort Monroe." The central appropriation language in the budget also provided additional general fund support for a 5% pay increase for Authority employees and an increase in funding to cover other central allocations like property insurance premiums. As a result, the FMA received an additional \$283,903 in general fund appropriations for FY23.

(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
MANAGEMENT'S DISCUSSION AND ANALYSIS – (UNAUDITED)**

Budgetary Highlights (continued)

The Authority staff submits an annual budget proposal for the fiscal year to the Finance Committee at its meeting in June for review and recommendation for adoption by the Board of Trustees. At its meeting on June 9, 2022, the Finance Committee reviewed the FY23 operating budget and recommended it to the Board of Trustees for adoption. At its meeting on June 16, 2022, the Authority Board of Trustees adopted the FY23 budget recommended by the Finance Committee. The Authority submitted its FY23 annual budget to the Senate Finance and Appropriations Committee, House Appropriations Committee, and Department of Planning and Budget as required by the Fort Monroe Authority Act.

The largest contributor to the difference between FY23 budgeted expenses and actual was salary and fringe costs. For FY23, the FMA had budgeted for 32 full-time (FTEs) positions and part-time positions equivalent to 4.18 FTEs. During FY23, due to separations during the year and new positions not recruited, the FMA averaged on 29.3 FTEs, resulting in a reduction in salary and fringe costs of \$501k compared to budget.

The second largest difference in budget versus actual relates to a presentation practice. In presenting the budget, we reflect the NPS share of the Cooperative Management Agreement contracts in the government fund revenue section with any cooperative contracts budgeted at the full contract amount. The budgeted revenue offsets the NPS share of the contracts. In presentation on the financials, the reimbursements are reflected as reduction in expenses, since the NPS costs are not FMA expenses. This results in a difference in budget versus actual in Government Fund Other Grant Revenue and an offsetting decrease in Government Fund public works expenses and security expenses. Some of the NPS reimbursements are treated as revenue in the Utility Fund since we bill the NPS for metered and unmetered utility consumption.

Finally, in terms of large differences between budget and actual expenditures, the FY23 budget included \$190k to purchase an 80-foot articulated boom lift for the preservation department. That purchase was delayed until the preservation department staffing is completed. The above-mentioned salary/fringe deficit includes cost savings for 3 FTEs in the Preservation Department that we have been unable to recruit for the entire year.

Capital Assets and Debt Administration

Capital Assets

As of June 30, 2023, the Authority had invested \$670.4K in net capital assets as reflected in Table 3 (reflected in thousands). This amount includes \$59.7K in non-depreciable donations, \$180K for construction in process, \$529.7K in capitalized leasing commissions and tenant improvements (which are amortized over the term of the related leases), \$329.5K in depreciable assets, and \$428.8K in accumulated depreciation and amortization. For comparison, as of June 30, 2022, the Authority had net capital assets of \$406.4K. This amount included \$59.7K in non-depreciable donations, \$468.9K in capitalized leasing commissions, \$241.7K in depreciable assets, and \$363.9K in accumulated depreciation and amortization. The Authority depreciates or amortizes assets based on straight-line methodology over the useful life of the asset.

Short and Long-Term Debt

As of June 30, 2023 and 2022, the Authority has no outstanding debt.

Economic Factors and Next Year's Budget

During the redevelopment process, the Authority will be largely dependent on Virginia appropriations to bridge the gap between revenue received from business activities and the cost to maintain the property including the large inventory of vacant commercial buildings. The current state of the federal and state economy may impact state revenues which, in turn, may limit the level of Virginia General Fund support available to the Authority.

As of June 30, 2023, the Authority had 178 residential units, 170 of which are in leasable condition. The Authority has been successful in maintaining its residential occupancy over the last several years between 95% to 98%. However, without adequate funds to address deferred maintenance repairs to the properties, the Authority may not be able to adequately maintain the condition of the residential homes to continue this level of occupancy. While the Authority experienced little impact to residential occupancy and revenues in recent fiscal years due to the SARS-CoV-2 pandemic, the continuing economic impact of the pandemic may result in increasing unemployment and a decrease in occupancy and revenues if existing and/or future residents become unemployed.

Economic Factors and Next Year's Budget (continued)

The Authority currently has eight residential units that need significant repairs before the units are suitable for leasing. The Authority has requested additional funding in the FY23-24 state budget to make repairs to these units. However, even with the eight additional units, the residential inventory will limit the Authority's ability to generate additional residential leasing revenue.

**FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
MANAGEMENT'S DISCUSSION AND ANALYSIS – (UNAUDITED)**

Residential unit rents at Fort Monroe are susceptible to rental rates and available inventory in the surrounding communities. If the available inventory of leasable homes remains constrained, it may result in higher rental rates due to the limited supply. However, if new residential inventory of comparable quality becomes available in the local market, it may put downward pressure on leasing rates which may result in lower residential revenue for the Authority. The new multi-family apartment complex (Monroe Gates) constructed in Phoebus has added a supply of new residential units in the local area. Additional multi-family developments are being considered for the Phoebus area. An increase in the adjacent residential rental inventory may impact the occupancy and rental rates at Fort Monroe.

The Authority, working with its commercial leasing and maintenance contractor, Old Point Comfort Real Estate Services, continues to pursue new tenants for approximately 803K square feet of vacant office, retail, and industrial space. The majority of vacant space is not fully ADA-accessible due to the lack of elevators. In addition, many of the buildings are subject to historic preservation standards that may limit the ability to reconfigure buildings to suit prospective tenant uses. While the Authority has been successful in leasing commercial buildings to state and local government and private tenants, the majority of leasing has occurred in non-historic buildings. The preservation requirements and high cost of historic adaptive reuse have constrained the FMA's ability to recruit tenants for the historic commercial properties.

As of June 30, 2023, the Authority manages approximately 1.49M square feet of office, retail, and industrial space on Fort Monroe. Of that inventory, approximately 478.3K is leased to tenants, another 49K is licensed to private entities, and another 156.5K is reserved for the Authority's use. That reflects a 46.0% occupancy for commercial buildings. The annual operating deficit for the commercial enterprise fund will continue to require significant General Fund support unless and until private developers invest in long-term lease transactions. Additionally, the lingering impact of the pandemic on remote and hybrid work arrangements may continue to have a detrimental effect on business revenues for existing commercial tenants resulting in a reduction in or loss of occupied commercial space, while also limiting the potential for new commercial lease transactions. During FY23, one state tenant chose to vacate their premises at the end of the lease term to consolidate with other state entities. A private tenant exercised an early termination option to reduce their leased square footage by 50% due to the reduced need for employee workspace.

Economic Factors and Next Year's Budget (continued)

In response to the continued weakness in commercial leasing for the historic inventory, the Authority issued a Request for Qualifications and Statement of Interest (RFQSOI) in June 2018 to solicit input from private entities to propose future reuse alternatives for approximately 900K square feet of office, retail, and industrial space. Upon the completion of the Army transfers in April 2019, the Authority issued a Request for Real Estate Proposals ("RFREP") to those companies pre-qualified from the RFQSOI process. At the November 2019 meeting of the Board of Trustees, the Board agreed with the Executive Director's recommendation that four of the respondents offered proposals that reflected sufficient experience with historic redevelopment, a thorough understanding of the Authority's governing documents, and consideration of the redevelopment on the visitor experience. At the February 2020 meeting of the Board, the Board concurred with the Executive Director's recommendation to negotiate with two respondents for long-term leases. The Authority successfully negotiated and executed a long-term ground lease with one of the respondents in May 2021, but terminated the negotiations with the other respondent due to the inability to develop business terms agreeable to both parties. During the contingency period of the executed ground lease, the lessee must raise debt and equity sufficient to complete the project. The availability and financing rate for

**FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
MANAGEMENT'S DISCUSSION AND ANALYSIS – (UNAUDITED)**

debt and the availability of public or private equity may be adversely impacted by national and international financial policies beyond the control of the Authority.

In November 2021, the Authority issued another RFREP for four development sites containing thirteen historic buildings and one non-historic building totaling approximately 300K square feet. After a thorough due diligence process in May 2022, the Authority executed a single due diligence letter with a developer for all four development sites. In June 2022, the Authority negotiated non-binding term sheets with the development for all four sites. In February 2023, the Authority signed long-term lease documents for the first two of the four sites and option agreements for the other two sites. During the contingency period of the leases, the lessee must raise debt and equity sufficient to complete the project. The availability and financing rate for debt and the availability of public or private equity may be adversely impacted by national and international financial policies beyond the control of the Authority.

The adaptive reuse of the large inventory of historic structures by private investors may be eligible for federal and state historic rehabilitation tax credits. However, recent federal tax reform has removed or reduced the benefit of the federal historic tax credits. Additionally, in recent years there have been several bills in the Virginia General Assembly to reduce or eliminate the state historic tax credits. Any significant change to either tax credit program may severely affect the Authority's ability to market the buildings for adaptive reuse by private investors.

Portions of the utility infrastructure at Fort Monroe may date back to as early as the 1890s. While the Authority has entered a contract with a public works operator, the cost to maintain the utility infrastructure will continue to increase as the infrastructure continues to age. The Authority submitted a capital request for \$32M for infrastructure improvements during the FY19 General Assembly session. No funding was allocated. In preparation for the FY20 General Assembly session, the Authority submitted a \$27M capital funding request. The \$17.8M in additional capital funding in the FY21-22 budget will allow the Authority to continue with the current projects in the capital improvement plan ("CIP"). The FMA will need additional capital funding from the Commonwealth to upgrade the utility systems. Without additional capital support from the General Assembly, the Authority will not be able to deliver adequate utility service for the adaptive reuse of existing buildings or to support the limited new construction that may be allowed at Fort Monroe.

Economic Factors and Next Year's Budget (continued)

Almost all of the property at Fort Monroe lies within the 100-year floodplain. New federal legislation or regulations, state legislation or regulations, or executive actions concerning development within the floodplain may impact the ability for the Authority or private entities to receive approval for construction projects. Executive Order 45 was introduced in November 2019 and contains new floodplain management requirements for construction on state-owned property within the floodplain. This Executive Order and any future executive orders, legislation, or regulations concerning sea level rise may impact the Authority's ability to recruit private investment to adaptively reuse vacant buildings at Fort Monroe.

The ongoing inflationary impact of the pandemic has significantly increased the operating costs of several business activities. The continuing labor and supply chain shortages have resulted in salary, contractor, and utility costs increases, which have directly impacted the net operating surplus generated from residential leasing and increased the net operating deficits in commercial leasing and utility operations. Continuing cost increases may require additional state appropriations to cover the increased net deficit from business-type activities. If additional state appropriations are not obtained,

**FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
MANAGEMENT'S DISCUSSION AND ANALYSIS – (UNAUDITED)**

the Authority may have to curtail operations and defer maintenance of historic and non-historic buildings.

Contacting the Authority's Financial Management

This financial report is designed to provide users (citizens, taxpayers, customers, clients, investors, and creditors) with a general overview of the Authority's finances and to demonstrate the Authority's accountability for the funds it receives.

Questions concerning this report or requests for additional information should be directed to Deputy Executive Director, Fort Monroe Authority, 20 Ingalls Road, Fort Monroe, Virginia, 23651, telephone (757) 637-7778, or visit the Authority's website at www.fortmonroe.org.

FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 1 NATURE AND PURPOSE OF ORGANIZATION

The Fort Monroe Authority (the "Authority") is a political subdivision of the Commonwealth of Virginia (the "Commonwealth"), created by legislative action of the Virginia General Assembly in 2010 to preserve, protect, and manage Fort Monroe and Old Point Comfort after the federal Base Realignment and Closure Commission (BRAC) closure in September 2011. It is a separate and distinct legal entity that is governed by a 14-member Board of Trustees (the "Board"). The Board includes 12 voting members comprised of two members of the General Assembly, two appointees selected by the City of Hampton, Virginia (the "City") and eight appointees selected by the Governor of Virginia, as well as two non-voting ex officio members of the Governor's Cabinet.

The Authority is considered a component unit of the Commonwealth, as its Board is primarily appointed by the Commonwealth and, as such, the Authority is included as a discretely presented component unit in the basic financial statements of the Commonwealth.

The Authority has been funded primarily through intergovernmental revenues provided by the Commonwealth and the Federal Office of Economic Adjustment. In August 2010, through leases with the United States Army (the "Army"), the Authority began subleasing residential and commercial properties on Fort Monroe for business-type revenues.

On June 14, 2013, when the Governor of Virginia signed a Quitclaim Deed transferring ownership of a 312.75 acre parcel of the Fort Monroe property from the Army to the Commonwealth, the Authority has been responsible for the operations of the utilities, maintenance, and security of the property while the Army and the Authority complete the conveyance process of the remainder of the 565-acre Fort Monroe property to the Commonwealth and National Park Service. As of June 30, 2023, the Army retains ownership of 122.29± acres of federal surplus land that will be transferred directly to the Department of the Interior as part of the Fort Monroe National Monument.

Fort Monroe Foundation is a private, 501c3 entity established in 2011. The mission of the Foundation is to promote and sustain Fort Monroe, its programs and partners, through fundraising and stewardship of financial resources. The Authority is not financially accountable for the Fort Monroe Foundation and is not responsible for appointing board members and therefore are excluded from these financial statements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Government-Wide and Fund Financial Statements

The basic financial statements include both government wide (based upon the Authority as a whole) and fund financial statements. These statements distinguish between the governmental and business-type activities of the Authority. For 2023, the Authority had two funds:

**FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

General Fund:

The General Fund is the primary operating fund of the Authority. It accounts for the Authority's financial resources from state and federal funding. In general, the General Fund is used to account for all financial resources except those required to be accounted for in another fund.

Enterprise Fund:

The Enterprise Fund accounts for the Authority's financial resources generated from leasing residential and commercial rental properties; billing the tenants, both commercial and residential, for electricity, natural gas, water, and sewer; providing free and ticketed special event activities and event space rentals to public and private parties; and leasing marina slips.

The government-wide statement of net position reports all financial and capital resources of the Authority's governmental and business-type activities. It is presented in a net position format (assets plus deferred outflows less liabilities and deferred inflows equal net position) and shown with three components: net investment in capital assets, restricted net position, and unrestricted net position.

Activity between funds that are representative of lending/borrowing arrangements are referred to as "internal balances" and represent the amount outstanding at the end of the fiscal year between governmental and business-type activities.

The government-wide statement of activities demonstrates the degree to which the direct expenses of a function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The program revenues must be directly associated with the function.

Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Revenues that are not classified as program revenues are presented as general revenues.

Separate fund financial statements are provided for the General Fund and the Enterprise Fund activities and report additional and detailed information about the Authority's operations. A reconciliation is provided that converts the results of the governmental fund accounting to the government-wide presentation.

Basis of Accounting

The government-wide and Enterprise Fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

**FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting (Continued)

General Fund financial statements are accounted for using the modified accrual basis of accounting. Revenues are recognized when they become measurable and available as net current assets. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Authority considers all revenues available if collected within 60 days after year-end. Expenditures are recognized when the related fund liability is incurred.

Enterprise Fund distinguishes between operating revenues and expenses and nonoperating items. Operating revenues result from providing residential housing and commercial space for rent as well as charges for utility and special events. Operating expenses for these operations include all costs related to providing the service – facilities maintenance and operation, general and administrative (salaries and benefits, telecommunications, supplies, postage, insurance), utility costs, and depreciation. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

In both funds, when both restricted and unrestricted resources are available for a particular use, it is the Authority's policy to use restricted resources first.

The Authority adopts an annual budget for the General and Enterprise Fund. The budget has been prepared on a basis consistent with the modified accrual basis of accounting and accounting principles generally accepted in the United States of America ("U.S. GAAP"). A budgetary comparison schedule has been provided in the required supplementary information to demonstrate compliance with the budget.

Cash and Cash Equivalents

The Authority has defined cash and cash equivalents to include cash on hand, security deposits, and certificates of deposit, with an original maturity of three months or less.

Restricted Cash

Cash whose use is restricted for security deposits, flex spending accounts, and the homeless trust fund account for the benefit of homeless persons is segregated on the statement of net position.

Prepaid Expenditures/Expenses

Certain payments to vendors represent applicable to future periods and are recorded as prepaid items in the basic financial statements.

Capital Assets

The Authority defines capital assets as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost in the government-wide and Enterprise Fund financial statements. Donated assets are recorded at acquisition value.

FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets (Continued)

Capital assets are depreciated using the straight-line method over the estimated lives as follows:

Motor Vehicle Equipment	5 Years
Furniture and Equipment	5 to 7 Years

The Commonwealth, not the Authority, owns the Fort Monroe property; however, the Authority, in the course of its operations and management, is responsible for the upkeep and improvement of the property. At the advisement of the Commonwealth, all equipment acquisitions with an individual cost of \$50,000 and all land, building, and infrastructure acquisitions with an individual cost of \$100,000 will be transferred to the Commonwealth as capital assets. All acquisitions not meeting these thresholds will be expensed on the Authority's books. Construction in process represents assets under construction expected to meet the transfer threshold.

Leases

A lease receivable and an offsetting deferred inflow of resources was recognized for the present value of the lease payments expected to be received during the lease term. Interest income is recognized on the lease receivable at the Authority's incremental borrowing rate ranging from of 3.25% to 7.50%.

Deposits Payable

Deposits payable consist of up-front rent deposits received for commercial and residential leases as well as deposits received for special events.

Accrued Annual Leave

Employees accrue leave each pay period based on years of service. Unused accrued leave is paid to employees upon resignation, retirement, permanent disability, or other termination of employment, provided the employee has supplied proper and timely notice of such action and employee has more than six months service. The Authority has established maximums for annual carryforward balances and for maximum payment of unused leave, based on years of service. The current portion of accrued leave is based on historical annual leave used.

Pension and Other Postemployment Benefits (OPEB)

For purposes of measuring all financial statement elements related to pension and OPEB plans, information about the fiduciary net position of the Authority's plans and the additions to/deductions from the Authority's plans net fiduciary net position have been determined on the same basis as they were reported by the Virginia Retirement System ("VRS" or the "System") and the Department of Human Resource Management ("DHRM"). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred Outflows and Inflows of Resources

Deferred outflows of resources represent a consumption of net assets that applies to a future period, and so it will not be recognized as an expense until then. The Authority's deferred outflows of resources related to pensions and OPEB consist of the difference between expected and actual experience, changes of assumptions, changes in proportion and differences between employer contributions and proportionate share of contributions, and employer contributions subsequent to the measurement date.

Deferred inflows of resources represent an acquisition of net assets that applies to a future period and so it will not be recognized as revenue until then. The Authority's deferred inflows of resources related to pensions and OPEB consist of the difference between expected and actual experience, changes of assumptions, the net difference between projected and actual earnings on plan investments, and changes in proportion and differences between employer contributions and proportionate share of contributions. The deferred inflows from leases are recognized as lease revenue by using straight-line amortization over the life of the lease.

Amounts reported as deferred outflows of resources related to pensions and OPEB resulting from the Authority's contributions subsequent to the measurement date will be recognized as a reduction of the liability the following year. Other amounts reported as deferred inflows and deferred outflows of resources will be amortized according to the actuarial amortization calculation. See Notes 9, 10, and 11 for further details.

Unearned Revenues

Unearned revenues consist of prepayments for fees charged by the Enterprise fund.

Fund Balance

In accordance with U.S. GAAP, the Authority may classify fund balance as nonspendable, restricted, committed, assigned, and/or unassigned based primarily on the extent to which the Authority has spending constraints imposed upon the use of the resources in the governmental fund.

Nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash.

Restricted fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors, grantors, contributors, or laws or regulations of governments or is imposed by law through constitutional provisions or enabling legislation. The Authority can be compelled by an external party to use resources only for the purposes specified.

**FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance (continued)

Committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action of Commonwealth of Virginia legislature or the Authority's Board. Those committed amounts cannot be used for any other purpose unless the same type of formal action is taken to remove or change the specified commitment. Committed fund balance classification may be redeployed for other purposes with appropriate, formal action.

Assigned fund balance amount classification is intended to be used by the Authority for specific purposes but do not meet the criteria to be classified as restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Board of Commissioners, appointed in accordance with the provisions of the Enabling Act.

Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Authority considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Authority considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates and assumptions.

Net Position

Net position represents the residual interest in the Authority's assets and deferred outflows of resources after liabilities and deferred inflows of resources are deducted and consist of three sections: net investment in capital assets, restricted, and unrestricted. Net investment in capital assets includes capital assets net of accumulated depreciation, less any outstanding debt related to the acquisition, construction, or improvement of those assets. Net position is reported as restricted when constraints are imposed by third parties by enabling legislation.

FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 4 CAPITAL ASSETS (CONTINUED)

As discussed in Note 1, all land, building, and infrastructure acquisitions with an individual cost of \$100,000 are transferred to the Commonwealth as capital assets. There were no assets transferred to the Commonwealth during the year ended June 30, 2023.

Depreciation on assets of governmental activities is charged to the Authority's planning and development expense function and depreciation on assets of business-type activities is charged to the Authority's property administration and maintenance function.

NOTE 5 ACCRUED ANNUAL LEAVE

The following is a summary of the Authority's change in accrued annual leave for the year ended June 30, 2023:

	Governmental Activities			
	Balance			Balance
	July 1, 2022	Increases	Decreases	June 30, 2023
Accrued Annual Leave	\$ 88,862	\$ 44,420	\$ 41,010	\$ 92,272
	Business-Type Activities			
	Business-Type Activities			
	Balance			Balance
	July 1, 2022	Increases	Decreases	June 30, 2023
Accrued Annual Leave	\$ 14,201	\$ 11,746	\$ 12,690	\$ 13,257

Leave balances are renewed on an annual basis with maximum annual carryover limitations; as such, the balances are deemed to be short-term in nature.

NOTE 6 TRANSFERS

In general, invoices received that encompass expenditures/expenses from both funds are paid from the General Fund, creating an internal balance with the Enterprise Fund. The cumulative balance was \$23,127,670 at June 30, 2023, and primarily represents property insurance, utilities, and PILOT fees (payments in lieu of taxes) paid from the General Fund for the residential, commercial, public events, marina, and utility fund business-type divisions and to fund the operations of the Commercial Division. The total internal balances due from the Residential, Commercial and Utilities Division, totaled \$1,010,643, \$14,529,443 and \$7,587,584, respectively, at June 30, 2023. During the fiscal year ended June 30, 2023 the Authority determined that repayment was unlikely to occur and as such a transfer was recorded to reduce the interfund balance.

FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 7 DEFERRED COMPENSATION PLAN

The Authority's employees are eligible to participate in the Commonwealth of Virginia's 457 Deferred Compensation Plan (the "Plan") available through the VRS. The Plan permits employees to defer a portion of their salary to future years. Participation in the Plan is optional. The deferred compensation is not available to employees until separation from service, retirement, death, disability, financial hardship, and/or reaching age 70½. The Plan offers a selection of investment options to participants. There were no contributions to the plan for the year ended June 30, 2023.

NOTE 8 PENSION PLANS

Plan Description

All full-time, salaried, permanent employees of state agencies are automatically covered by the VRS State Employee Retirement Plan upon employment. This plan is administered by the VRS along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer are paying contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the Code of Virginia, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

The System administers three different benefit structures for covered employees in the VRS State Employee Retirement Plan – Plan 1, Plan 2, and Hybrid. Each of these benefit structures has a different eligibility criteria. The specific information for each plan and the eligibility for covered groups within each plan are set out in the table on the following pages.

NOTE 8 PENSION PLANS (CONTINUED)

Plan Description (Continued)

RETIREMENT PLAN PROVISIONS		
PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
<p>Retirement Contributions State employees, excluding state elected officials, and optional retirement plan participants, contribute 5% of their compensation each month to their member contribution account through a pretax salary reduction. Member contributions are tax-deferred until they are withdrawn as part of a retirement benefit or as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees. VRS invests both member and employer contributions to provide funding for the future benefit payments.</p>	<p>Retirement Contributions Same as Plan 1.</p>	<p>Retirement Contributions A member's retirement benefit is funded through mandatory and voluntary contributions made by the member and the employer to both the defined benefit and the defined contribution components of the plan. Mandatory contributions are based on a percentage of the employee's creditable compensation and are required from both the member and the employer. Additionally, members may choose to make voluntary contributions to the defined contribution component of the plan, and the employer is required to match those voluntary contributions according to specified percentages.</p>
<p>Service Credit Service credit includes active service. Members earn service credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional service credit the member was granted. A member's total service credit is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.</p>	<p>Service Credit Same as Plan 1.</p>	<p>Service Credit <i>Defined Benefit Component:</i> Under the defined benefit component of the plan, service credit includes active service. Members earn service credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional service credit the member was granted. A member's total service credit is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit. <i>Defined Contributions Component:</i> Under the defined contribution component, service credit is used to determine vesting for the employer contribution portion of the plan.</p>

Contributions

The contribution requirement for active employees is governed by Section 51.1-145 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. Each state agency's contractually required contribution rate for the year ended June 30, 2023, was 14.46% of covered employee compensation for employees in the VRS State Employee Retirement Plan. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate, when combined with employee contributions, was expected to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the Authority to the VRS State Employee Retirement Plan were \$255,069 and \$298,661 for the years ended June 30, 2023 and 2022, respectively.

In June 2022, the Commonwealth made a special contribution of approximately \$79,225 to the VRS State plan on behalf of the Authority. This special payment was authorized by Chapter 1 of the 2022 Appropriation Act, and is/are classified as special employer contributions.

FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 8 PENSION PLANS (CONTINUED)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, the Authority reported a liability of \$1,640,639 for its proportionate share of the VRS State Employee Retirement Plan Net Pension Liability. The Net Pension Liability was measured as of June 30, 2022 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation performed as of June 30, 2021, and rolled forward to the measurement date of June 30, 2022. The Authority's proportion of the Net Pension Liability was based on the Authority's actuarially determined employer contributions to the pension plan for the year ended June 30, 2022, relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2022, the Authority's proportion of the VRS State Employee Retirement Plan was 0.03615% as compared to 0.03493% at June 30, 2021.

For the year ended June 30, 2023, the Authority recognized a pension credit of \$161,019 for the VRS State Employee Retirement Plan. Since there was a change in proportionate share between June 30, 2021 and June 30, 2022 a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions.

At June 30, 2023, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$ -	\$ 108,516
Change in Assumptions	65,824	-
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	-	239,124
Changes in Proportion and Differences Between Employer Contributions and Proportionate Share of Contributions	76,346	8,334
Employer Contributions Subsequent to Measurement Date	255,069	-
	<u>\$ 397,239</u>	<u>\$ 355,974</u>

\$255,069 reported as deferred outflows of resources related to pensions resulting from the Authority's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Years Ended June 30,</u>	
2024	\$ (76,793)
2025	(85,531)
2026	(164,587)
2027	113,107
Total	<u>\$ (213,804)</u>

JUNE 30, 2023**

NOTE 8 PENSION PLANS (CONTINUED)

Actuarial Assumptions

The total pension liability for the VRS State Employee Retirement Plan was based on an actuarial valuation as of June 30, 2021, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022.

Inflation	2.50%
Salary Increases, Including Inflation	3.5% to 5.35%
Investment Rate of Return	6.75%, Net of Pension Plan Investment Expense, Including Inflation

Mortality rates:

Pre-Retirement:

Pub-2010 Amount Weighted General Employee Rates projected generationally; females set forward 2 years

Postretirement:

Pub-2010 Amount Weighted General Healthy Retiree Rates projected generationally; 110% of rates for females

Post-Disablement:

Pub-2010 Amount Weighted General Disabled Rates projected generationally; males and females set forward 3 years

Beneficiaries and Survivors:

Pub-2010 Amount Weighted General Contingent Annuitant Rates projected generationally; 110% of rates for males and females.

Mortality Improvement:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

**FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 8 PENSION PLANS (CONTINUED)

Actuarial Assumptions

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (Pre-retirement, postretirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted to better match experience
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Net Pension Liability

The net pension liability (“NPL”) is calculated separately for each plan and represents that particular plan’s total pension liability determined in accordance with U.S. GAAP, less that system’s fiduciary net position. As of June 30, 2022, NPL amounts for the VRS State Employee Retirement Plan are as follows (amounts expressed in thousands):

State Employee Retirement Plan

Total Pension Liability	\$ 27,117,746
Plan Fiduciary Net Position	22,579,326
Employers' Net Pension Liability	<u>\$ 4,538,420</u>

Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	83.26%
--	--------

The total pension liability is calculated by the System’s actuary and each plan’s fiduciary net position is reported in the System’s financial statements. The net pension liability is disclosed in accordance with the requirements of U.S. GAAP in the System’s notes to the financial statements and required supplementary information.

FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 8 PENSION PLANS (CONTINUED)

Long-Term Expected Rate of Return

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Assets Class Strategy</u>	<u>Target Allocation</u>	<u>Arithmetic Long-Term Expected Rate of Return</u>	<u>Weighted Average Long-Term Expected Rate of Return *</u>
Public Equity	34.00%	5.71%	1.94%
Fixed Income	15.00%	2.04%	0.31%
Credit Strategies	14.00%	4.78%	0.67%
Real Assets	14.00%	4.47%	0.63%
Private Equity	14.00%	9.73%	1.36%
MAPS - Multi-Asset Public Strategies	6.00%	3.73%	0.22%
PIP - Private Investment Partnerships	3.00%	6.55%	0.20%
	<u>100.00%</u>		<u>5.33%</u>
Inflation			<u>2.50%</u>
Expected arithmetic nominal return*			<u>7.83%</u>

* The above allocation provides a one-year expected return of 7.83%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the pension System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.72%, including expected inflation of 2.50%.

On October 10, 2019, the VRS board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

**FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 8 PENSION PLANS (CONTINUED)

Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2022, the rate contributed by the Authority for the VRS State Employee Retirement Plan will be subject to the portion of the VRS board-certified rates that are funded by the Virginia General Assembly. From July 1, 2022 on, all agencies are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Authority's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Authority's proportionate share of the VRS State Employee Retirement Plan net pension liability using the discount rate of 6.75%, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	<u>1.00% Decrease (5.75%)</u>	<u>Current Discount Rate (6.75%)</u>	<u>1.00% Increase (7.75%)</u>
Authority's Proportionate Share of the VRS State Employee Retirement Plan Net Pension Liability	<u>\$ 2,803,895</u>	<u>\$ 1,640,639</u>	<u>\$ 676,500</u>

Pension Plan Fiduciary Net Position

NOTE 9 OTHER POSTEMPLOYMENT BENEFIT PLANS – VRS PLANS

The Authority participates in one multiple employer, cost-sharing plans offered by VRS: Group Life Insurance Program (“GLIP”), and two single employer plans that are presented as multiple-employer, cost-sharing plans: State Employee Health Insurance Credit Program (“HICP”) and Virginia Sickness and Disability Program (“VSDP”).

The Plans were established pursuant to § 51.1-500 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended.

Fiduciary Net Position

Detailed information about the GLIP, HICP, and VSDP Fiduciary Net Position is available in the separately issued VRS 2022 Annual Report. A copy of the 2022 VRS Annual Report may be downloaded from the VRS website at varetire.org/publications/2022-annual-report.pdf, or by writing to the System’s Chief Financial Officer at P.O. Box 2500, Richmond, Virginia 23218-2500.

The actuarial assumptions, long-term expected rate of return, and discount rate are the same for the VRS OPEB programs. As such, the presentation of the actuarial assumptions and long-term expected rate of return are combined below. Specific information for the OPEB plans will be presented after this section.

Actuarial Assumptions

Actuarial assumptions used for the VRS OPEB plans are the same as those used for the actuarial valuations of the VRS pension plans.

Long-Term Expected Rate of Return

Long-term expected rate of return used for the VRS OPEB plans are the same as those used for the actuarial valuations of the VRS pension plans.

Discount Rate

The discount rate used for the VRS OPEB plans are the same as those used for the actuarial valuations of the VRS pension plans.

Health Insurance Credit Program

Plan Description

All full-time, salaried permanent employees of state agencies are automatically covered by the VRS HICP. This plan is administered by the VRS, along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The health insurance credit is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree’s death.

Health Insurance Credit Program (Continued)

Plan Description (Continued)

The specific information about the State HICP OPEB, including eligibility, coverage, and benefits is set out in the table below:

HICP Plan Provisions
<p>Eligible Employees</p> <p>The HICP was established January 1, 1990 for retired state employees covered under VRS, SPORS, VaLORS, and JRS who retire with at least 15 years of service credit.</p> <p>Eligible employees are enrolled automatically upon employment. They include:</p> <ul style="list-style-type: none"> • Full-time and part-time permanent salaried state employees covered under VRS, SPORS, VaLORS, and JRS.
<p>Benefit Amounts</p> <p>The HICP provides the following benefits for eligible employees:</p> <ul style="list-style-type: none"> • <i>At Retirement:</i> For state employees who retire with at least 15 years of service credit, the monthly benefit is \$4.00 per year of service per month with no cap on the benefit amount. • <i>Disability Retirement:</i> For state employees, other than state police officers, who retire on disability or go on long-term disability under the VSDP, the monthly benefit is \$120.00 or \$4.00 per year of service, whichever is higher. <p>For state police officer employees with a non-work-related disability who retire on disability or go on long-term disability under the VSDP, the monthly benefit is \$120.00 or \$4.00 per year of service, whichever is higher.</p> <p>For state police officers with a work-related disability, there is no benefit provided under the HICP if the premiums are being paid under the Virginia Line of Duty Act. However, they may receive the credit for premiums paid for other qualified health plans.</p>
<p>HICP Notes</p> <ul style="list-style-type: none"> • The monthly Health Insurance Credit benefit cannot exceed the individual's premium amount. • Employees who retire after being on long-term disability under VSDP must have at least 15 years of service credit to qualify for the Health Insurance Credit as a retiree.

Contributions

The contribution requirement for active employees is governed by Section 51.1-1400(D) of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies by the Virginia General Assembly. Each state agency's contractually required employer contribution rate for the year ended June 30, 2023 was 1.12% of covered employee compensation for employees in the VRS HICP. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the Authority to the VRS HICP were \$19,717 and \$19,072 for the years ended June 30, 2023 and 2022, respectively.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2023, the Authority reported a liability of \$184,068 for its proportionate share of the VRS HICP net OPEB Liability. The net VRS HICP OPEB liability was measured as of June 30, 2022 and the total VRS HICP OPEB Liability used to calculate the net VRS HICP OPEB Liability was determined by an actuarial valuation performed as of June 30, 2021, and rolled forward to the measurement date of June 30, 2022. The Authority's proportion of the net VRS HICP OPEB liability was based on the Authority's actuarially determined employer contributions to the VRS HICP OPEB plan for the year ended June 30, 2022, relative to the total of the actuarially determined employer contributions for all participating state employers. At June 30, 2022, the Authority's proportion of the VRS HICP was 0.02247% as compared to 0.02164% at June 30, 2021.

For the year ended June 30, 2023, the Authority recognized VRS HICP OPEB credit of \$3,568. Since there was a change in proportionate share between measurement dates, a portion of the VRS HICP Net OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2023, the Authority reported deferred outflows of resources and deferred inflows of resources related to the VRS HICP OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Change in Assumptions	\$ 6,158	\$ 93
Differences between Expected and Actual Experience	32	11,125
Net Difference between Projected and Actual Earnings on OPEB Plan Investments	-	100
Changes in Proportion and Differences between Employer Contributions and Proportionate Share of Contributions Employer Contributions Subsequent to the Measurement Date	15,431	8,074
	19,717	-
Total	\$ 41,338	\$ 19,392

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

\$19,717 reported as deferred outflows of resources related to the HICP OPEB resulting from the Authority’s contributions subsequent to the measurement date will be recognized as a reduction of the Net HICP OPEB liability in the fiscal year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HICP OPEB will be recognized in the HICP OPEB expense in future reporting periods as follows:

<u>Years Ended June 30,</u>	
2024	\$ 2,679
2025	(1,593)
2026	(856)
2027	1,562
2028	421
Thereafter	16
Total	<u><u>\$ 2,229</u></u>

Net HICP OPEB Liability

The net OPEB liability (“NOL”) for the HICP represents the program’s total OPEB liability determined in accordance with U.S. GAAP, less the associated fiduciary net position. As of June 30, 2022, NOL amounts for the VRS State Employee HICP is as follows (amounts expressed in thousands):

State Employee HICP OPEB Plan

Total HICP OPEB Liability	\$ 1,043,748
Plan Fiduciary Net Position	<u>224,575</u>
Net HICP OPEB Liability	<u><u>\$ 819,173</u></u>

Plan Fiduciary Net Position as a Percentage of the Total HICP OPEB Liability	21.52%
---	--------

The total HICP OPEB liability is calculated by the System’s actuary, and the plan’s fiduciary net position is reported in the System’s financial statements. The net HICP OPEB liability is disclosed in accordance with the requirements of U.S. GAAP in the System’s notes to the financial statements and required supplementary information.

Group Life Insurance Program

Plan Description

All full-time, salaried permanent employees of the state agencies, teachers, and employees of participating political subdivisions are automatically covered by the VRS GLIP upon employment. This plan is administered by the VRS, along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

In addition to the basic group life insurance benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional Group Life Insurance Program. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members’ paychecks and pay the premiums to the insurer. Since this is a separate and fully insured program, it is not included as part of the GLIP OPEB.

NOTE 9 OTHER POSTEMPLOYMENT BENEFIT PLANS – VRS PLANS (CONTINUED)

Group Life Insurance Program (Continued)

Plan Description (Continued)

The specific information for GLIP OPEB, including eligibility, coverage and benefits is set out in the table below:

GLIP Plan Provisions
<p>Eligible Employees</p> <p>The GLIP was established July 1, 1960, for state employees, teachers, and employees of political subdivisions that elect the program, including the following employers that do not participate in VRS for retirement:</p> <ul style="list-style-type: none"> • City of Norfolk • City of Portsmouth • City of Richmond • City of Roanoke • Roanoke City School Board <p>Basic group life insurance coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their accumulated retirement member contributions and accrued interest.</p>
<p>Benefit Amounts</p> <p>The benefits payable under the GLIP have several components.</p> <ul style="list-style-type: none"> • <i>Natural Death Benefit:</i> The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled. • <i>Accidental Death Benefit:</i> The accidental death benefit is double the natural death benefit. • <i>Other Benefit Provisions:</i> In <i>addition</i> to the basic natural and accidental death benefits, the program provides additional benefits provided under specific circumstances. These include: <ul style="list-style-type: none"> ○ Accidental dismemberment benefit ○ Seatbelt benefit ○ Repatriation benefit ○ Felonious assault benefit ○ Accelerated death benefit option
<p>Reduction in Benefit Amounts</p> <p>The benefit amounts provided to members covered under the GLIP are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value.</p>
<p>Minimum Benefit Amount and COLA</p> <p>For covered members with at least 30 years of service credit, there is a minimum benefit payable under the Group Life Insurance Program. The minimum benefit was set at \$8,000 by statute in 2015. This will be increased annually based on the VRS Plan 2 cost-of-living adjustment calculation. The minimum benefit adjusted for the COLA was \$8,984 as of June 30, 2023.</p>

Group Life Insurance Program (Continued)

Contributions

The contribution requirements for the GLIP are governed by Section 51.1-506 and Section 51.1-508 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the GLIP was 1.34% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.80% (1.34% X 60%) and the employer component was 0.54% (1.34% X 40%). Employers may elect to pay all or part of the employee contribution; however, the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2023, was 0.54% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the GLIP from the entity were \$9,599 and \$9,257 for the years ended June 30, 2023 and 2022, respectively.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2023, the Authority reported a liability of \$94,883 for its proportionate share of the net GLIP OPEB liability. The net GLIP OPEB liability was measured as of June 30, 2022, and the total GLIP OPEB Liability used to calculate the net GLIP OPEB Liability was determined by an actuarial valuation as of June 30, 2021, and rolled forward to the measurement date of June 30, 2022. The covered employer's proportion of the net GLIP OPEB liability was based on the covered employer's actuarially determined employer contributions to the GLIP for the year ended June 30, 2022, relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2022, the participating employer's proportion was 0.00788% as compared to 0.00755% at June 30, 2021.

For the year ended June 30, 2023, the Authority recognized GLIP OPEB expense of \$7,006. Since there was a change in proportionate share between measurement dates, a portion of the GLIP OPEB expense was related to deferred amounts from changes in proportion.

NOTE 9 OTHER POSTEMPLOYMENT BENEFIT PLANS – VRS PLANS (CONTINUED)

Virginia Sickness and Disability Program

Plan Description

All full-time and part-time permanent salaried state employees who are covered under the VRS, the State Police Officers’ Retirement System (SPORS), or the Virginia Law Officers’ Retirement System (VaLORS) hired on or after January 1, 1999 are automatically covered by the VSDP upon employment. The Disability Insurance Program also covers state employees hired before January 1, 1999 who elected to transfer to VSDP rather than retain their eligibility to be considered for disability retirement. This plan is administered by the VRS, along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

The specific information for VSDP OPEB, including eligibility, coverage and benefits is set out in the table below:

VSDP Plan Provisions
<p>Eligible Employees</p> <p>The VSDP, also known as the Disability Insurance Trust Fund was established January 1, 1999, to provide short-term and long-term disability benefits for non-work-related and work-related disabilities.</p> <p>Eligible employees are enrolled automatically upon employment. They include:</p> <ul style="list-style-type: none"> • Full-time and part-time permanent salaried state employees covered under VRS, SPORS, and VaLORS (members new to VaLORS following its creation on October 1, 1999, have been enrolled since the inception of VSDP). • State employees hired before January 1, 1999, who elected to transfer to VSDP rather than retain their eligibility to be considered for VRS disability retirement. • Public college and university faculty members who elect the VRS defined benefit plan. They may participate in VSDP or their institution’s disability program, if offered. If the institution does not offer the program or the faculty member does not make an election, he or she is enrolled in VSDP.
<p>Benefit Amounts</p> <p>The VSDP provides the following benefits for eligible employees:</p> <ul style="list-style-type: none"> • <i>Leave:</i> Sick, family, and personal leave. Eligible leave benefits are paid by the employer. • <i>Short-Term Disability:</i> The program provides a short-term disability benefit beginning after a seven-calendar-day waiting period from the first day of disability. The benefit provides income replacement beginning at 100% of the employee’s pre-disability income, reducing to 80% and then 60% based on the period of the disability and the length of service of the employee. Short-term disability benefits are paid by the employer. • <i>Long-Term Disability (LTD):</i> The program provides a long-term disability benefit beginning after 125 workdays of short-term disability and continuing until the employee reaches his or her normal retirement age. The benefit provides income replacement of 60% of the employee’s pre-disability income. If an employee becomes disabled within five years of his or her normal retirement age, the employee will receive up to five years of VSDP benefits, provided he or she remains medically eligible. Long-term disability benefits are paid for by the VSDP OPEB Plan. • <i>Income Replacement Adjustment:</i> The program provides for an income replacement adjustment to 80% for catastrophic conditions. • <i>VSDP Long-Term Care Plan:</i> The program also includes a self-funded long-term care plan that assists with the cost of covered long-term care services.

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 9 OTHER POSTEMPLOYMENT BENEFIT PLANS – VRS PLANS (CONTINUED)

Virginia Sickness and Disability Program (Continued)

Plan Description (Continued)

Disability Insurance Program (VSDP) Plan Notes

- Employees hired or rehired on or after July 1, 2009, must satisfy eligibility periods before becoming eligible for non-work-related short-term disability benefits and certain income-replacement levels.
- A state employee who is approved for VSDP benefits on or after the date that is five years prior to his or her normal retirement date is eligible for up five years of VSDP benefits.
- Employees on work-related short-term disability receiving only a workers' compensation payment may be eligible to purchase service credit for this period if retirement contributions are not being withheld from the workers' compensation payment. The rate will be based on 5.00% of the employee's compensation.

Cost-of-Living Adjustment (COLA)

- During periods an employee receives long-term disability benefits, the LTD benefit may be increased annually by an amount recommended by the actuary and approved by the Board.
 - Plan 1 employees vested as of 1/1/2013 – 100% of the VRS Plan 1 COLA (The first 3% increase in the Consumer Price Index for all Urban Consumers (CPI-U) and half of any additional increase (up to 4%) up to a maximum COLA of 5%).
 - Plan 1 employee non-vested as of 1/1/2013, Plan 2 and Hybrid Plan employees – 100% of the VRS Plan 2 and Hybrid COLA (The first 2% increase in the Consumer Price Index for all Urban Consumers (CPI-U) and half of any additional increase (up to 2%) up to a maximum COLA of 3%).
- For participating full-time employees taking service retirement, the creditable compensation may be increased annually by an amount recommended by the actuary and approved by the board, from the date of the commencement of the disability to the date of retirement.
 - 100% of the increase in the pay over the previous plan year for continuing VSDP members in the state, SPORS, and VaLORS plans, with a maximum COLA of 4.00%
- For participating full-time employees receiving supplemental (work-related) disability benefits, the creditable compensation may be increased annually by an amount recommended by the actuary and approved by the board, from the date of the commencement of the disability to the date of retirement
 - 100% of the increase in the pay over the previous plan year for continuing VSDP members in the state, SPORS, and VaLORS plans, with a maximum COLA of 4.00%.

Contributions

The contribution requirements for the VSDP are governed by Section 51.1-1140 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies by the Virginia General Assembly. Each employer's contractually required employer contribution rate for the VSDP for the year ended June 30, 2023, was 0.61% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate was expected to finance the costs of benefits payable during the year, with an adjustment to amortize the accrued OPEB assets. Contributions to the VSDP from the Authority were \$10,739 and \$10,387 for the years ended June 30, 2023 and 2022, respectively.

Virginia Sickness and Disability Program (Continued)

OPEB Assets, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2023, the Authority reported an asset of \$109,177 for its proportionate share of the net VSDP OPEB asset. The net VSDP OPEB asset was measured as of June 30, 2022, and the total VSDP OPEB liability used to calculate the net VSDP OPEB asset was determined by an actuarial valuation as of June 30, 2021, and rolled forward to the measurement date of June 30, 2022. The Authority's proportion of the net VSDP OPEB asset was based on the agency's actuarially determined employer contributions to the VSDP OPEB plan for the year ended June 30, 2022, relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2022, the Authority's proportion was 0.03699% as compared 0.03608% at June 30, 2021.

For the year ended June 30, 2023, the Authority recognized VSDP OPEB expense of \$10,604. Since there was a change in proportionate share between measurement dates, a portion of the VSDP OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2023, the Authority reported deferred outflows of resources and deferred inflows of resources related to the VSDP OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between Expected and Actual Experience	\$ 10,990	\$ 16,252
Change in Assumptions	630	2,145

(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 10 OTHER POSTEMPLOYMENT BENEFIT PLANS – DHRM PLAN

Plan Description

Pre-Medicare Retiree Healthcare is a single-employer defined benefit OPEB plan that is treated like a cost sharing plan for financial reporting purposes. This program was established by Title 2.2, Chapter 28 of the Code of Virginia for retirees who are not yet eligible to participate in Medicare. It is the same health insurance program offered to active employees and managed by the Virginia Department of Human Resource Management (“DHRM”). After retirement, the Authority no longer subsidizes the retiree’s premium; however, since both active employees and retirees are included in the same pool for purposes of determining health insurance rates, retiree rates are effectively lower than what might otherwise be available outside of this benefit.

Plan Provisions

DHRM is an agency of the Commonwealth of Virginia. DHRM is the administrator of the Commonwealth’s employee health insurance program. The Commonwealth provides a healthcare plan established by Title 2.2, Chapter 28 of the Code of Virginia for retirees who are not yet eligible to participate in Medicare.

Following are eligibility requirements for Virginia Retirement System retirees:

- He or she is a retiring state employee who is eligible for a monthly retirement benefit from the VRS, and
 - He or she starts receiving (do not defer) your retirement benefit immediately upon retirement*, and
 - His or her last employer before retirement was the Commonwealth of Virginia, and
 - He or she is eligible for (even if you were not enrolled) coverage as an active employee in the State Health Benefits Program until your retirement date (not including Extended Coverage/COBRA), and
 - He or she enrolls no later than 31 days from your retirement date.
- * For VRS retirees, this means that the employing agency reported a retirement contribution or leave without pay status for retirement in the month immediately prior to their retirement date. Some faculty members may also be eligible if they are paid on an alternate pay cycle but maintain eligibility for active coverage until their retirement date.

**FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 10 OTHER POSTEMPLOYMENT BENEFIT PLANS – DHRM PLAN (CONTINUED)

Plan Provisions (Continued)

Effective January 1, 2017**, following are eligibility requirements for Optional Retirement Plan retirees:

- He or she is a terminating state employee who participates in one of the qualified Optional Retirement Plans, and
- His or her last employer before termination was the Commonwealth of Virginia, and
- He or she is eligible for (even if they were not enrolled) coverage in the State Employee Health Benefits Program for active employees at the time of their termination, and
- He or she meet the age and service requirements for an immediate retirement benefit under the non ORP Virginia Retirement System plan that you would have been eligible for on your date of hire had he or she not elected the ORP, and
- He or she enroll in the State Retiree Health Benefits Program no later than 31 days from the date you lose coverage (or lose eligibility coverage) in the State Health Benefits Program for active employees due to their termination of employment.

** This change applies to ORP terminations effective January 1, 2017, or later. Eligibility for those who terminated employment prior to January 1 should be determined based on the policy in place at time of their termination.

The employer does not pay a portion of the retirees' healthcare premium; however, since both active employees and retirees are included in the same pool for purposes of determining health insurance rates, this generally results in a higher rate for active employees. Therefore, the employer effectively subsidizes the costs of the participating retirees' healthcare through payment of the employer's portion of the premiums for active employees.

This fund is reported as part of the Commonwealth's Healthcare Internal Service Fund. Benefit payments are recognized when due and payable in accordance with the benefit terms. Pre-Medicare Retiree Healthcare is a single-employer defined benefit OPEB plan that is treated like a cost-sharing plan for financial reporting purposes, and is administered by the Department of Human Resource Management. There were approximately 3,647 retirees and 92,389 active employees in the program in fiscal year 2022. There are no inactive employees entitled to future benefits who are not currently receiving benefits. There are no assets accumulated in a trust to pay benefits.

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 10 OTHER POSTEMPLOYMENT BENEFIT PLANS – DHRM PLAN (CONTINUED)

Actuarial Assumptions and Methods

The total Pre-Medicare Retiree Healthcare OPEB liability was based on an actuarial valuation with a valuation date of June 30, 2022. The DHRM selected the economic, demographic, and healthcare claim cost assumptions. The actuary provided guidance with respect to these assumptions. Initial healthcare costs trend rates used were 8.00 percent for medical and pharmacy and 4.00 percent for dental. The ultimate trend rates used were 4.50 percent for medical and pharmacy and 4.00 percent for dental.

Actuarial Cost Method	Actuarially determined contribution rates are calculated as of June 30, one year prior to the end of the fiscal year in which contributions are reported.
Measurement Date	June 30, 2022 (one year prior to the end of the fiscal year)
Actuarial Cost Method	Entry Age Normal
Amortization Method	Level dollar, Closed
Effective Amortization Period	5.86 years
Discount Rate	3.54%
Projected Salary Increases	5.35% to 3.5% based on years of service from 1 year to 20 years or more
Medical Trend Under 65	Medical & Rx: 8.00% to 4.50% Dental: 4.00%
Year of Ultimate Trend	2033
Mortality	Mortality rates vary by participant status and gender
Pre-Retirement	Pub-2010 Benefits Weighted General Employee Rates projected generationally with a Modified MP-2021 Improvement Scale; females set forward 2 years
Postretirement	Pub-2010 Benefits Weighted General Healthy Retiree Rates projected generationally with a Modified MP-2021 Improvement Scale; 110% of rates for females
Post-Disablement	Pub-2010 Benefits Weighted General Disabled Rates projected generationally with a Modified MP-2021 Improvement Scale; males and females set forward 3 years
Beneficiaries and Survivors	Pub-2010 Benefits Weighted General Contingent Annuitant Rates projected generationally with a Modified MP-2021 Improvement Scale; 110% of rates for males and females

The discount rate was based on the Bond Buyers GO 20 Municipal Bond Index as of the measurement date, which is June 30, 2022.

NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2023**

NOTE 10 OTHER POSTEMPLOYMENT BENEFIT PLANS – DHRM PLAN (CONTINUED)

Actuarial Assumptions and Methods (Continued)

Changes of Assumptions: The following assumptions were updated since the June 30, 2021 valuation based recent experience:

- Retiree participation – reduced the rate from 40% to 35%

Spousal coverage and retiree participation were based on a blend of recent experience and the prior year assumptions. The mortality table has been updated from adjusted RP-2014 mortality tables using Scale BB to adjusted Pub-2010 Headcount-Weighted mortality tables projected generationally with modified MP-2021 Improvement Scales.

Retiree participation was based on a blend of recent experience and the prior year assumptions.

The trend rates were updated based on economic conditions as of June 30, 2022. Additionally, the discount rate was increased from 2.16% to 3.54% based on the Bond Buyers GO 20 Municipal Bond Index as of June 30, 2023.

There were no plan changes in the valuation since the prior year.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources

At June 30, 2022, the employer reported a liability of \$86,708 for its proportionate share of the collective total Pre-Medicare Retiree Healthcare OPEB liability of \$363.4 million. The Pre-Medicare Retiree Healthcare OPEB liability was measured as of June 30, 2022 and was determined by an actuarial valuation as of that date. The covered employer’s proportion of the Pre-Medicare Retiree Healthcare OPEB liability was based on each employer’s healthcare premium contributions as a percentage of the total employer’s healthcare premium contributions for all participating employers. At June 30, 2022, the participating employer’s proportion was 0.02386% as compared to 0.02294% at June 30, 2021. For the year ended June 30, 2022, the Authority recognized Pre-Medicare Retiree Healthcare OPEB credit of \$53,118.

At June 30, 2023, the Authority reported deferred outflows of resources and deferred inflows of resources related to the Pre Medicare Retiree Healthcare OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between Expected and Actual Experience	\$ -	\$ 39,599
Change in Assumptions	-	80,265
Changes in Proportion and Differences between Employer Contributions and Proportionate Share of Contributions	33,213	49,930
	\$ 33,213	\$ 169,794

NOTE 11 COMMITMENTS AND CONTINGENCIES

Payments in Lieu of Taxes

Virginia Acts of Assembly 2013 Session, Section 2.2.2342 B, stipulates “that the Authority shall pay to the City a fee on the total assessed value of all real property interests in the Authority's Area of Operation, public and private as provided by law, divided by \$100, multiplied by the then-current real estate tax rate set by the City, minus the real estate taxes owed to the City from taxpayers within the Authority’s Area of Operation”. Additionally, this section stipulates “that properties at Fort Monroe that would not be taxed by the City if privately held shall be exempt from the fee”.

Commitments

The Authority had entered into various agreements and construction contracts during the fiscal year ended June 30, 2022. As of June 30, 2022, the balance outstanding on the agreements and contract was \$2,767,596.

NOTE 12 LEASES

Lease Receivable

The Authority leases commercial office space and land to various third parties under multiple leases. The leases are for periods ending at various dates through December 2054 and the Authority receives monthly lease payments ranging from \$1,258 to \$118,543. The Authority recognized \$1,180,796 in lease revenue and \$380,079 in interest revenue during the current fiscal year related to these leases. As of June 30, 2023, the Authority’s receivables for lease payments and interest were \$13,125,132 and \$30,046, respectively. Also, the Authority has a deferred inflow of resources associated with this lease that will be recognized as revenue over the lease term. As of June 30, 2023, the balance of the deferred inflow of resources was \$12,485,423.

2054 - 2055	126,286	1,592	193,807
Total	<u>\$ 13,125,132</u>	<u>\$ 4,852,510</u>	<u>\$ 19,713,226</u>

NOTE 13 FUND BALANCE CLASSIFICATION

Fund balance is classified as nonspendable, restricted, committed, assigned, and/or unassigned based primarily on the extent to which the Authority is bound to observe constraints imposed upon the use of the resources in the General Fund.

	<u>General Fund</u>
Nonspendable:	
Prepaid Expenditures	\$ 168,739
Restricted:	
Homeless Support	736,302
Flex Savings	8,619
Unassigned	2,828,831
Total Fund Balance	<u>\$ 3,742,491</u>

NOTE 14 RELATED PARTY TRANSACTIONS

A member of the board of directors leases property from the Authority. The Authority recognized revenue of \$7,200 and a related receivable balance of \$4,124 as of and for the year ended June 30, 2023, respectively.

The Authority also has a lease agreement with the Virginia State Police which expired in October 2022, total rental receipts were \$25,396 for the year ended June 30, 2023.

The Fort Monroe Foundation reimburses the Authority for certain costs, the receivable balance was \$11,390 as of June 30, 2023.

**FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
JUNE 30, 2023**

NOTE 1 PENSION PLAN AND VRS OPEB PLANS

Changes in Benefit Terms

There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of Assumptions

The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020, except the changes in the discount rate, which was based on VRS board action effective as of July 1, 2019. Changes to the actuarial assumptions for the VRS -State Employee Retirement Plan as a result of the experience study and VRS board action are as follows:

Mortality Rates (Pre-retirement, postretirement healthy, and disabled)	Updated to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

NOTE 2 DHRM OPEB PLAN

Changes in Benefit Terms

There have been no actuarially material changes to the benefit provisions since the prior actuarial valuation.

Changes of Assumptions

The following assumptions were updated since the June 30, 2021 valuation was based on recent experience:

- Retiree Participation – reduced the rate from 40% to 35%

Retiree participation was based on a blend of recent experience and the prior year assumptions.

The trend rates were updated based on economic conditions as of June 30, 2022. Additionally, the discount rate was increased from 2.16% to 3.54% based on the Bond Buyers GO 20 Municipal Bond Index as of June 30, 2023.

COMPLIANCE SECTION

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Directors
Fort Monroe Authority
Fort Monroe, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and the *Specifications for Audits of Authorities, Boards, and Commissions*, (the "Specifications") issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, the business-type activities and each major fund of Fort Monroe Authority, a component unit of the Commonwealth of Virginia, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Fort Monroe Authority's basic financial statements, and have issued our report thereon dated September 28, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Fort Monroe Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Fort Monroe Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of Fort Monroe Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

We identified a certain deficiency in internal control, described in the accompanying schedule of findings and responses as item 2023-001 that we consider to be a significant deficiency.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Fort Monroe Authority’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* or the *Specifications*.

Fort Monroe Authority’s Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Fort Monroe Authority’s response to the findings identified in our audit and described in the accompanying schedule of findings and responses. Fort Monroe Authority’s response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**FORT MONROE AUTHORITY
(A COMPONENT UNIT OF THE COMMONWEALTH OF VIRGINIA)
SCHEDULE OF FINDINGS AND RESPONSES
YEAR ENDED JUNE 30, 2023**

Financial Statement Findings

Finding: 2023-001

Type of Finding: Significant Deficiency in Internal Control over Financial Reporting

Criteria or specific requirement: In accordance with accounting principles generally accepted in the United States of America, expenditures/expenses should be recognized when the cost is incurred.

Condition: We identified expenditures/expenses of \$162,975 that were improperly excluded from expenditures/expenses and accounts payable when performing auditing procedures.

Cause: The Authority received invoices for expenditures after the fiscal year 2023 close and did not properly accrue the invoice or the amounts accrued were understated.

Effect: The Authority's accounts payable, expenditures/expenses, net position and fund balances for the Governmental Activities, Business type Activities, General Fund, and Enterprise fund would have been understated by \$37,480, \$125,495, \$37,480 and \$125,495, respectively.

Recommendation: We recommend the Authority strengthen its procedures around review of invoices received after year end to ensure those costs are recorded in the correct period.

Views of responsible officials and planned corrective actions : The Authority has a process to review all invoices paid after the draft trial balance and prior to completion of the financial statements to ensure all expenses are appropriately reported in the proper fiscal year. Regrettably, additional invoices were discovered during the field work that should have been accrued in the current fiscal year. The FMA will reiterate the importance of timely contract and invoice submittals to its employees and contractors, especially at fiscal year-end. For future years, the Authority will use the outstanding contracts list to proactively contact each contractor and contract manager to ensure that all invoices for services rendered prior to fiscal year are invoiced and accrued.

Prior to each month-end close, the FMA accrues for any outstanding utility invoices for the month (electric, natural gas, water, and sewer) based on appropriate utility company's prior monthly invoice. For the current fiscal year, this resulted in an under accrual for certain utilities due to abnormally high invoice amounts compared to the prior month. For future fiscal years, if utility invoices are received during the audit field work that differ from the accrual amount, the FMA will adjust the accrual to reflect the actual invoice amount(s).
